**Yucca Valley Legion
Celebration Pleases
Hundreds**

A holiday crowd of several hundred home folks and visitors made merry at the day long Fourth of July celebration and dance staged by the American Legion Post of Yucca Valley. From mid-morning until the last tune was played at night the stream of celebrants that crowded the festival area made the occasion a social and financial success. According to those in charge over 200 delicious ham plate lunches were served and at least that many more sandwiches were dispensed.

Foot races and other contests took up the morning and gave the contestants good appetites for the lunch. The scheduled ball game was cancelled in the afternoon but the crowds amused themselves at the fortune tellers, the refreshment counter and attractions in the midway.

After dark the crowd was swelled by new arrivals who came for the dancing. The music from Hollywood was secured thru the efforts of Duckett and Livingston of Pioneer town and gave out with western, modern and square dance tunes. Dancing on the cement slab beside the Legion building was made even more enjoyable by the perfect moonlight night.

**Work Started on
New Townsite
Addition**

The survey for Tract 2994 has been practically completed and the grading of streets will be started sometime this week. This tract extends west from Sunset Road to the Transcontinental Telephone right of way.

Provision has been made in the new tract for business, income and a few residential lots. Desertair Road and Division Street will be extended west to the limit of the tract, a distance of about three and a half blocks. Three additional north and south streets will be laid out. In this area is located the site of the proposed new school.

**Wilson's Store To Celebrate First
Anniversary July 24th**

On July 24 Wilson's Home Furnishings will be one year old. To celebrate that occasion the proprietors, Mr. and Mrs. C. V. Wilson have arranged for a special anniversary sale to commence July 14 and continue until July 26. Their advertisement in this issue will provide further details.

In June of last year the Wilson's started to build the store in which they conduct the present successful business. Assisting the construction men and doing a great part of the finishing themselves the Wilsons had the building completed and open for sales in a little more than a month. In fact they did some of the exterior painting by moonlight.

**New Industry
Comes to Desert**

That the desert can be a center for production was evidenced by the announcement last week by W. D. Jinkins that he is now starting the manufacture of KWICK Motor Pep-up at the Jinkins Laboratories on Yucca Mesa. Jinkins stated that the desert is teeming with vegetation from which many useful products can be made.

KWICK Motor Pep-up, said the manufacturer, cleans the carburetor, removes carbon from the cylinder head, rings and valves and lubricates as it works. It increases the vacuum from 1 1-2 to 2 3-4 inches and the compression per cylinder from 5 to 15 pounds. Tests made under same conditions as required by the AAA, according to Jinkins, were conducted on Ford, Buick, Chevrolet, Chrysler, Hudson and other makes and showed an increase in gasoline mileage of from 2 to 5 miles per gallon. It is only necessary, he continues, to add the compound two or three times a year to continue getting the benefits of this improved performance, and to maintain peak efficiency at a cost of about \$5.00 per year.

Jinkins Laboratories now employ two workers and hope to give work to as many as twenty five when full production is reached and more products added to the line.

W. O. GUPTON INJURES FOOT

At the site of a well drilling operation in Pioneer town on Saturday W. O. Gupton of Joshua Tree suffered a painful injury when a piece of heavy equipment dropped on his right foot. Three toes were smashed and the entire foot badly bruised. Gupton is confined to his home at Coulters Guest house.

The well drilling company of which Gupton is the head has brought in a well at about forty feet that produces an estimated 75 gallons of water per minute.

**Whitehorn Ranch
Tests Water**

A new pump arrived and was installed on the well at the Whitehorn Ranch last week. Since its installation Meredith Willey, tract manager has had the pump in operation several hours daily and reports an excellent flow of clear, cool water. The well was brought in about two months ago and assures a water supply in that area.

Whitehorn Ranch is a tract consisting of 300 acres fronting on the 29 Palms Hiway and adjoining Joshua Tree Townsite on the west. It is being developed by James F. Whitehorn of Palm Springs and Los Angeles. Small rancho estates are featured.

This tract is a welcome addition to the Joshua Tree community, assuring as it does an adequate water supply more than a half mile west of the townsite well. Along with other factors Whitehorn Ranch will contribute materially to a larger growth for our already fast growing community.

**Proposed School
Buildings Inspected**

Still in search for temporary structures to relieve the school classroom shortage Jack Crane of this city and W. H. Watkins, Walter Gaunt and Charles Powell of 29 Palms motored to Palm Springs on Thursday, July 3rd, to view the former hospital ward buildings that have been favored by most citizens.

It was reported at the school board meeting held last week that unit construction recommended by a Los Angeles firm could not be purchased with the small fund available. The men who accompanied Crane to Palm Springs are interested in submitting a bid on the work of altering the ward buildings to meet state school specifications.

**Newlyweds Honey-
moon in Joshua Tree**

Guests of Mr. and Mrs. Bob "Cupid" Downer on Valley View were Mr. and Mrs. George Tansen of Los Angeles who started their honeymoon here during the Fourth of July week end. The Tansers were married Thursday in Los Angeles. The Downers convinced them that the desert was the only place in which to launch a successful marriage. They all attended the Sportsman's Club dance on Saturday night, and honored the editor with a visit to the Journal office during their stay.

The official introduction to the public of the new floodlighted athletic center at Legion Field was featured by the Joshua Cubs 25 to 6 victory over a picked team from 29 Palms Sunday night before a crowd of over two hundred sports fans.

Before the game started Gerald McMillen introduced to the spectators Claud Irwin, president of the Sportsman's Club of Joshua Tree.

**Forster Succeeds
Overbay as Legion
Commander**

At the annual election of officers for the Joshua Tree American Legion Post held on July 2, at the Legion Hall the following members were chosen to conduct the affairs for the coming year: Bill Forster, Commander; Mike Malia, 1st Vice Commander; Randolph Seay, 2nd Vice Commander; Lloyd Wiser, Sergeant at Arms; Edith Parrish, Historian; Sybil Say, Chaplain and Service Officer. Commander Forster appointed Al Thomas as Adjutant and Finance Officer. Executive officers are Jeff Overbay, Jack Crane and Randolph Seay, Jr.

Other business of the meeting included the appointing as delegates to the District and National conventions Jeff Overbay, Bill Forster and Gil Worthen. Since Worthen plans to attend university this fall he declined and Al Thomas was named. Alternates for the delegates were Malia, Parrish and Seay, Sr.

The installation of the new officers will be announced as soon as 25th District Commander Howard Scott can arrange his schedule. An open meeting for the public on July 16 will be followed by a bingo party at the Legion Hall.

Plans for sponsoring a Boy Scout troop are covered in detail in another news item in this issue.

**Former Paris De-
signer Now Joshua
Tree Resident**

Helen M. Dinsmore, for many years a resident of Paris, France, has leased the Welles home in Joshua Tree and will be a member of our community for at least a year. Mrs. Dinsmore investigated many well known desert spots before deciding to come here for the sunshine and climate in which to rest and regain her strength.

For many years Mrs. Dinsmore conducted a flourishing business of her own in the fashion capital of the world. She spent much time travelling between London and Paris and visiting the fashionable spots on the Riviera and at Biarritz.

Visiting Mrs. Dinsmore for an indefinite stay are the Misses

the Sportsman's Club of Joshua Tree. Irwin called to the microphone the charter members of the organization who responded to the applause. Irwin thanked the many individuals and firms who helped in the construction of the field and predicted for the community an entertainment program second to none in the desert.

After Irwin concluded his remarks the Bruins, Joshua Tree's junior league, team took the field for a short session of infield practice that delighted the crowd. Jeff Overbay, retiring Legion commander, was then introduced and spoke of the cooperation that made possible the athletic project. Overbay then threw out the first ball and the game was on.

Players from several of the league entries composed the 29 Palms team. The line-up was, in batting order, Dye, 1st base; Fogler, short stop; Sullivan, pitcher; Van Treese, left field; Mann, 3rd base; Deatly, 2nd base; Todd, center field; Joyce, right field; and Barnett, catcher. For the Cubs, Thomas, left field; Manzer, 3rd base; Clark and Meiston, center field; Johnson, 1st base; Leyhe, short stop; Schultz, 2nd base; Ford, catcher; Garry and Shelly, right field; and Marble, pitcher.

After holding the visitors to a zero in their half of the 1st the Cubs wasted no time in polite preliminaries. They proceeded to hit Sullivan's offerings all over the lot and grabbed off six markers before the inning ended. The 29 Palms men came back at the Cubs in the second to bring in four tallies. From that time on it was Joshua Tree all the way as the Cubs wore themselves out slugging and running. Seven runs were scored in the 3rd, three in the 4th, one in the 5th and eight in the 6th.

Sullivan for 29 Palms walked 7 and fanned 3. Marble whiffed 4 and gave free tickets to only 3. Sam Bailey called balls and strikes, Meredith Willey officiated at 1st base and Charles Shelly called them at 3rd.

Thomas, Cubs left fielder, celebrated his 16th birthday by performing in a stellar manner in the field and at bat.

Score by Innings		R
29 Palms	0 4 1 0 0 1 0	6
Cubs	6 0 7 3 1 8 x	25

Maude Dunham and Ann Dvorak of New York City.

The Personal Touch

On Wednesday of last week Mrs. H. Lafferty and sons James and Charles, accompanied by Mr. Lafferty's niece Marilyn, of Lawn, Texas, returned from an extensive and interesting trip. On leaving here a month ago Mrs. Lafferty and the boys, with Mrs. Iverson went by way of the short cut thru Amboy to Boulder Dam, then to Zion National Park and Bryce Canyon, Utah. They visited Salt Lake City and the Mormon Temple, Cheyenne, Wyoming and down over Raton Pass to Texas.

On the return trip they visited the famed Carlsbad Caverns in New Mexico and returned by way of Flagstaff, Arizona. Mrs. Lafferty reports that the road from here to Amboy is in better condition than many of the paved highways in other states. It saved over 150 miles in getting from Highway 66 to Joshua Tree. Miss Marilyn Lafferty will remain all summer.

Ray and Lynn Snyder who have been living at Coulter's Apartments since coming to Joshua Tree three months ago have moved into the Jack Lowther home. Ray is the genial gentleman who coaches at first base for the Cubs.

The J. J. Cranes spent the holidays in Los Angeles returning home on Sunday night. While in the big city the Cranes were the guests of Mrs. Crane's parents, Mr. and Mrs. Robert Huth.

Mike Malia, senior partner of Malia & Thomas, who was spending a sick leave here returned last week to the Corona Naval Hospital where he will undergo a major operation. He is in Ward 8-3.

Last Tuesday and Wednesday Joe and Frances Arch were in Los Angeles, South Gate and Burbank visiting friends and transacting business.

Spending the holidays with the Laughlins on Grand View were Mrs. Teresa Mathews and Col. Allen Reeves.

Dewey Below stole a few days from his vacation to spend the holidays in Joshua Tree and attending the festivities in Yucca Valley.

Mr. and Mrs. William Pollock were guests of Verna Coulter and Bill Forster over the Holiday week end. The Pollocks operate a hotel in San Diego which was formerly the Naval Base Hospital.

Judy La Ferney Shannon has been making good use of a ten day leave from the hospital by getting re-acquainted with her infant son at the La Ferney ranch.

Mr. and Mrs. Tommy Bouche of

Yucca Valley and Tommy's daughter, Mrs. June Vogel of Balboa, left Sunday for a month's vacation and fishing trip at June Lake.

Visiting the Von Worthens on Saturday were Mr. and Mrs. Lester Wall and daughter of Banning.

At the Club House for the holidays were Mrs. Maude Bunker, Miss Zelma Gregg, Mr. and Mrs. Arthur Haynes and Mr. Christy Nelson, all of Los Angeles.

Mr. and Mrs. Steve Moninger journeyed from Los Angeles to enjoy the Fourth at Joshua Tree. They occupied one of Frank Cook's cottages while here.

William G. "Bill" Bunker has returned from a tour of duty with the merchant marine and Sunday was back on the job selling for the Townsite Company. Bill says there's no place like Joshua Tree for livable climate and all around enjoyment of life.

Guests at Mira Monte Courts last week included the Frank Barnharts of San Gabriel, here for the long holiday; the J. W. Beckhams of Beverly Hills; and Mr. and Mrs. W. I. Pixley of Corte Madere, friends of the Arthur Haynes, who will remain a week.

Mr. and Mrs. George Bloom at Valley View Apartments had as their guests on Saturday and Sunday Mr. and Mrs. Milton Caswell of Long Beach.

Also at Valley View Apartments for the Fourth were Mr. and Mrs. Harold Adams, Mr. and Mrs. Robert Shaw and Mrs. Robert Adams of Hollywood. Mrs. Harold Adams is a sister of Mary Burson of the Journal. Harold Adams is construction engineer with Lockheed, Bob Adams is studying at U.C.L.A., and Robert Shaw is a refrigeration engineer at Authorized Supply Corporation.

Returning to the Trailer Court a week ago were Mr. and Mrs. Jack Pedly who had been visiting in the east for two months. While returning thru the middle west from New York they encountered many detours made necessary by floods in that section.

Miss Alice Watson, a frequent visitor in Joshua Tree, and Miss Jane Singleton, both of Los Angeles were guests at Desertaire Lodge last week end. Other visitors at Desertaire were Mr. and Mrs. Gordon Sandow of Hollywood, who have property in Pioneertown; the Mac Fishers of Beverly Hills; Mr. and Mrs. Bert Dole and guests of Los Angeles; Mary Hoppel, Mabel E. Abels and Mary M. McNeil of Glendale.

A visitor who was pleased with the steady growth of Joshua Tree was Dr. Carl Cummings of Glendale who, with Forrest Wilson,

owns several sections in the National Monument. Dr. Cummings has recently returned from Atlantic City where he attended a medical convention.

E. A. Baldwin spent the week end at Santa Ana. Mr. Goff returned to the Trailer Court from an enjoyable trip to Arizona. Mr. and Mrs. Copp spent the holidays in Yucaipa and Bell.

Mr. and Mrs. C. H. McCauslin of Los Angeles spent Saturday and Sunday painting and decorating their duplex on Sunburst getting it ready for prospective renters. Mr. McCauslin is a former member of the 70th Infantry division and was in on the mopping up of Frankfurt am Main for Allied Supreme Headquarters.

One of the first property owners in Joshua Tree was Mrs. Breit who visited here Sunday after an absence of four years. She told us that the growth of our town was truly amazing.

WILLIAMS FLY TO PUERTO RICO

Mr. and Mrs. Kenneth L. Williams left Joshua Tree on Tuesday, July 1st, for an extended trip to San Juan, Puerto Rico. They went by car from here to New Orleans where they will board the Pan American Clipper for Miami and then continue by Clipper to San Juan.

The Williams who recently sold The Gift Shop, will spend several months with their son, Capt. Kenneth L. Williams, Jr., and family. Capt. Williams is in the Medical Administrative Corps of the U.S. Army.

Louise Williams will remain here for a while then board a plane at Los Angeles to join her parents in Puerto Rico.

Journal Visitors

Lester Peterman and a fellow Pasadena attorney, Vern Thomas, called on the editor Sunday. After attending the Sportsman's dance on Saturday evening they spent the night at Honeymoon cottage and on Sunday jeeped around Joshua Tree, Sun Valley and vicinity.

E. J. Lund of Los Angeles stopped in last week to inquire about a lease in Section 12. Before leaving he ordered the Journal sent to him for a year. Thanks, Mr. Lund.

R. L. Stephenson of Yucca Valley stopped to chat about the school situation and how it affects his community as well as the rest of us in the area.

The Messers Ritter and Rogers were welcome visitors last week. They were here for the holidays and to look after their extensive holdings in this area. Mike Ritter looked in good health after his recent illness.

EDITORIAL

In gathering the news this week two items started a train of thought that might be worthy of further consideration. The first was the announcement of a new industry which utilizes desert plants for its raw material. The other was the discovery of practical farming carried on by one of our neighbors.

In order to promote healthy development in a community it is necessary to attract not only the substantial, seasoned older heads, but also enthusiastic young folks who will live here and raise their families.

Few young people have the means with which to start a business. They must, therefore, rely on employment provided by someone financially secure. In other words, jobs are necessary. Industry and business can make those jobs possible.

On the other hand many young couples who have an agricultural background could be induced to make their homes here and start farming, truck gardening or poultry raising on a small scale. Not too much of a financial outlay is required for that.

It has been demonstrated that both ventures are possible. That they are also profitable is a matter to be decided by the enterprise of the individuals concerned.

To realize a profit from manufactured articles or farm produce they must be marketed. Local markets will provide one outlet; nearby communities, another. Getting the products to distant markets requires transportation and salesmanship.

We possess a potentially excellent road net over which our products can eventually be transported in all directions. To develop that should be one of our first interests.

We have the soil, an abundance of water, a wealth of natural resources and a wheel of roads that can be made adequate.

If we keep telling the world about our advantages we can have the other ingredients necessary to build a successful desert community.

THE JOSHUAS

SAND SYMPHONICS

Sand and sand, and ever sand and more,
That cushions every hollow, makes
soft the earth's floor.
Sand, moving sand, the vagrant
winds explore,
And oft they bank these sun-bleached
sands,
To make a desert-shore.

Sand and sand, a restless, roving
sand
That loves the lawless courses like
A Romany gypsy band.
Sand, drifting sand, you sway and
rule with mighty hand,
Yet keep the peace and harmony
of desert-land.

CHRISTIAN SCIENTISTS
SEEK CHARTER

The recently organized Christian Science group formed with the help of Mrs. Helen Lambert of Eagle Rock, voted at their meeting last week to ask for a charter from the Mother Church in Boston, Mass. Directors were elected and first and second Readers selected. W. D. Jenkins was elected first, and Mrs. Amber Peterson second reader.

Plans were made for the building of a church and two sites offered in Joshua Tree. Assistance in the form of hymnals and contribution envelopes was rendered by Los Angeles churches. At the first service many members from Los Angeles attended at 29 Palms.

Postage Rates To
Remain Unchanged

According to word received by Grace Aldridge, local postmaster, from the Post Office Department no change in postage rates will take place altho legislation had been introduced that led many people to believe the cost of sending mail might go up. The text of the letter from D. L. Lambert, Inspector in Charge of the San Francisco Division follows:

"Confirming above information, if not previously furnished you, the Third Assistant Postmaster General has advised as follows:

Under House Joint Resolution 221, 80th Congress, approved by the President on June 30, 1947, the 3-cent letter rate and other post-

age rates and fees in effect on that date are continued thereafter on a permanent basis. Postmasters should notify local newspapers and radio stations and continue to require such rates and fees."

Boy Scout Troop
To Organize

The American Legion announces a meeting to be held at Legion Hall at 7:30, July 10 for the purpose of organizing a Boy Scout troop in Joshua Tree. The selection of a Scoutmaster will be made at that time. All boys between the ages of 12 and 18 are invited to attend as well as the parents of those interested. Sponsoring and guidance of Scout troops is an important part of the work of the Legion.

Church Corner

By ANTOINETTE KIRCH

Dr. Williams read from the 16th Chapter of St. Luke, 10th verse, "He that is faithful in that which is least, is faithful also in much; and he that is unjust in the least, is unjust also in much." Dr. Williams sermon was on the importance of taking care of "little things." Mrs. Kirch sang "Thy Will be Done," Mrs. H. K. Lee at the piano.

On Thursday of last week the Community Youth Fellowship had a pot luck picnic in Indian Cove, which was enjoyed by all.

The Sunday School is doing very fine, under the able leadership of Mrs. Lee, and plans are being made for a Sunday School picnic. Keep this in mind and everyone come along and have a grand time.

Sun Valley News

A reunion after thirteen years apart took place at Sun Valley when the George Ledesmas welcomed Mrs. Ledesma's sister, Mrs. A. Crawford, and her husband, from Calgary, Alberta, Canada last week. The Crawfords are seeing the desert for the first time and will remain here and in Long Beach for a couple of months visiting relatives. They plan to see Boulder Dam on their return. Mr. Crawford has retired after 44 years as building superintendent with the Canadian National Railway.

Dean Ledesma, son of the George Ledesmas is visiting at Cedar Pines Park for the summer.

Weekend guests at the Leo Emigs in Sun Valley were Mr. and Mrs. L. S. Newton, Mrs. E. A. Countryman, Mr. and Mrs. Gilman Hoyt and daughter Peggy of Compton, Melba Godfrey of La Crescenta,

Marion Emig and Hobart Doane of Montrose.

On the Fourth the Emigs also entertained Mr. and Mrs. Lee Cunningham and daughter Marylin of Southgate.

Jerry Emig attended the Pioneer Days at Banning on Thursday and Friday.

Tex Dunsworth was host on July 4th to Lt. Col. and Mrs. Clark Weber and son Bobby. Col. Weber and his family were enroute to China where he will begin a three year tour of duty.

Mr. and Mrs. Carl Coschigiano of Los Angeles have purchased a ten acre ranch site in Sun Valley Acres two blocks north of K Field Airport.

Sun Valley is rapidly assuming the aspect of a settled community. The mixing of the oil and gravel for surfacing the streets will be completed on Tuesday. Several homes are under construction and much fencing was in evidence last week.

Joshua Cubs in 11 to 6 Win Over Kenney Drug

VICTORY PUTS LOCAL TEAM
IN SECOND PLACE IN LEAGUE

Except for one inning Fred Marble pitched no-hit ball against the Kenney Druggists and that, combined with big league support at times, enabled the Joshua Cubs to beat the 29ers at Gilpin Field on Thursday night by the score of 11 to 6.

The Cubs garnered five home runs off the pitching of Nicoll and altogether they tapped him for fourteen safeties. In the first the Cubs started off with Thomas' single, Manzer hit and forced Thomas, Clark was safe on an error and Manzer scored. Johnson grounded out and Leyhe lifted one to the left fielder. In the second Goudy hit for the circuit and Ford followed suit. Garry, Marble and Thomas all singled filling the bases. At this point the Druggists started making excellent stops of Cubs line drives and retired Manzer, Clark and Johnson to nullify the potential scores. Three more tallies were marked up for the Cubs in the third and in the fourth Clark homered and Goudy got his second circuit clout. One in the fifth and two more in the sixth ended the Joshua teams scoring.

Marble faced only sixteen batters in the first five innings but in the sixth the Kenney boys cut loose and touched him for five safe hits which combined with three errors let in the six runs that constituted the Druggists total.

Goudy for the Cubs had a perfect evening at the plate, getting two homers, a double and a walk. Marble, Clark and Ford also got four baggers. Harz and Nicoll hit two baggers for the 29ers. The fielding at times was brilliant and both teams made some beautiful running and leaping catches to shut off scoring threats.

Nicoll struck out three and walked 1, Marble whiffed 5 and passed two. The Cubs were guilty of seven errors and the Druggists only muffed three chances.

The Cubs had a good player turnout with Ojala, Schultz, Meiston and Shelly in uniform and ready to play if needed.

Thur. — Kenney's - Dean-Bagley

- SPORTSHORTS -

Pity the poor umpire! Sam Bailey had to sit on the hard, sandy ground back of the pitchers' box when he rested between shifts last Sunday night. We'll fix that next time, Sam.

Christy Nelson almost didn't get to do any hiking over the holidays. He plumb forgot to bring his shorts with him, but Woody's fixed him up.

Von Worthen is a pretty good horse trader, so we hear, but it didn't take long for a cute little red head to talk him out of a kitten.

We want to thank the players from 29 Palms who came over to give the Cubs some opposition on Sunday night. And thanks, too, for the nice cheering section they brought along.

"Cupid" Downer said that if he had known what swell dances the Sportsman's Club gave on Saturday nights he'd have been up here every week end. It isn't too late to start, Bob.

DIRECTORS MEET

Last week at the Club House the newly elected officers and directors of the Joshua Tree Womens Club held their first meeting. It was decided to discontinue further regular meetings until September. Plans were discussed for a membership drive and a program of interest for the first fall meeting.

Morongo Valley Notes

NEW OWNER TO OPERATE SERVICE STATION

The Morongo Valley Service Station, formerly owned by Sam Hoffman, has been purchased and will be operated by James Freeman of South Pasadena. Mr. and Mrs. Freeman have been frequent visitors to the desert for several years and will make their home in Morongo Valley. The repair mechanic will be Virgil Roberts, formerly of Montrose. His wife, Sophia will assist in operating the service station.

Guests at Morongo Lodge included Mr. and Mrs. Jesse Lowenstein of Hollywood who arrived on the 4th and departed Saturday; Mrs. Janet Robinson and daughter Tony of Santa Monica Beach, here for four days; for the week end Mr. and Mrs. Rose of Claremont and Mrs. Rose's sister, Miss H. Lukens of North Wales, Pennsylvania.

Other guests for the holidays at the Lodge were Mr. and Mrs. D. A. Weir of Los Angeles; Col. and Mrs. Robert O. McFall of Banning; Mr. and Mrs. C. Trindell and Miss Fortier of Elsinore; Mr. and Mrs. Jack Abram of San Fernando Valley; and Mr. and Mrs. Jack West of Lake Sherwood, and the Robert Warners of North Hollywood.

Gordon Brown and J. W. Webb, who are interested in Pioneertown, and Nick Treatsi of Hollywood stayed at Morongo Lodge over the 4th. Another guest was Mr. Tetsloff, a former skating partner of Sonia Henie.

Desert Produces Large Crop at Sun Valley

To see is to be convinced at the Leo Emig ranch in Sun Valley that the desert soil properly tended and watered can produce quantity as well as top quality. Many varieties of eatables and flowers have been grown by Mr. and Mrs. Emig this year. A visit to their ranch on Sunday convinced your editor that the future for agriculture in this area is really bright.

In the truck garden were found watermelons to shame the best in Missouri, big, tasty canteloupes, and sweet corn that was only waiting for the boiling pot. Cucumbers and cabbages, onions, beans and garlic flourished. For a windbreak Emig had planted sunflowers that grew bigger than the famed Kansas stalks, and wheat and Kaffir corn. A young orchard consists of pear, plum, peach, apple and apricot trees.

In Mrs. Emig's department, the flower garden, we saw huge dahlias, zinnias, morning glories and many varieties of cactus and desert flowers. When asked about his methods Leo Emig said that he used a small quantity of barnyard fertilizer and some ammonium sulphate. That, plus proper attention and the excellent climate and soil did the rest to bring forth the amazing variety and abundance.

Mrs. M. Haley of Pacific Beach, a guest for the past week, returned to her home this week.

THE CASHIER

THIS is pretty, soft-voiced Ronnie Tallarico, Head Cashier of a telephone exchange. Ronnie was chosen for this important post because of her intelligence, her pleasing personality, and her understanding of the art of getting along with people.

In the telephone business the highest possible standard of sympathetic human relationship is maintained at all times. Courtesy and helpfulness become second nature with telephone people who work constantly with the public. Their desire is to do the best they can for you, always and under all conditions.
